

My IEP Meeting

The purpose of your individualized education plan, or IEP, is to lay out a series of actions and steps that will help you achieve your educational goals. Your IEP team consists of your parents or guardians, your case manager, school personnel, and YOU.

Replace the pictures to the right with the people on your IEP team!

Before the IEP meeting...

Who do I want to attend the meeting?

What goals do I have for the meeting?

What questions do I have for my team about my progress and my future?

What goals do I want to include in the IEP?

After the IEP meeting...

Who was there?

What happened?

What were my goals?

What do I want to do differently next time?
